

## EPAP Quick Start Workshop

Implementing and operating EPAP successfully is a critical aspect of compliance. The EPAP Quick Start Workshop is specifically designed to help your organization quickly:

1. understand the implications of EPAP
2. organize your EPAP implementation project

The key deliverable of the EPAP Quick Start Workshop will be the information to publish in a comprehensive project charter. This information will include:

1. a project approach
2. a detailed project scope description
3. a preliminary project plan for the EPAP implementation
4. a project organization for the EPAP implementation project team
5. a list of scope questions to be answered that will position the EPAP implementation for success
6. an initial low-reliability estimate of the effort and cost for the EPAP implementation
7. a list of risks and issues to be addressed that will position the EPAP implementation for success

In this full-day workshop, Yogi Schulz will:

1. Describe key considerations in implementing and operating EPAP for maximum value
2. Facilitate a discussion to achieve consensus on the key characteristics of the EPAP implementation project

The outline of the EPAP Quick Start Workshop is as follows:

1. Overview of EPAP
2. Implementation planning
3. Overview of the EPAP System
4. Strategies for sustainability
5. Facilitated discussion

Corvelle Drives Concepts To Completion

## **Who Should Attend the EPAP Quick Start Workshop**

The individuals, who will have a role in your EPAP implementation project, should attend the EPAP Quick Start Workshop. These individuals will include:

1. Field operations staff
2. Measurement Specialists
3. Production Accounting Managers
4. Internal Auditors
5. Project Sponsor

## **Why You Should Hold an EPAP Quick Start Workshop**

Attending the EPAP Quick Start Workshop will help you to

1. effectively plan the EPAP implementation,
2. plan for the cost-contained operation of EPAP,
3. minimize the effort and cost associated with implementing EPAP, and
4. ensure compliance with related ERCB requirements.

## **What You Will Learn at the EPAP Quick Start Workshop**

1. How to plan and execute an EPAP implementation project
2. How to operate EPAP for sustainable business advantage
3. How to leverage the rich resources that are freely available to position your EPAP project for success

## **You Will Receive**

1. A copy of the seminars slides
2. Access to online reference materials
3. Supplemental reading material

## **About the EPAP Quick Start Workshop**

The EPAP Quick Start Workshop is presented and facilitated by Yogi Schulz, a highly experienced consultant, who has led projects for many clients in the upstream oil and gas industry. Most recently, Yogi led the design and implementation of EPAP for the ERCB.
